FIGHT ONE ANOTHER.

Mistake Made by Spanish Soldiers in Cuba.

IT COST TWENTY-FIVE LIVES.

Two Columns of Weyler's Men Engage in Battle For Ten Minutes in a Canebrake. Another Expedition Lands Safely in Cuba—An American Mysteriously Missing—Some Smuggled News.

HAVANA, March 25.—Another terrible mistake attended with loss of life and resulting in many soldiers being wounded, has taken place. In some manner unexplained, two columns of Spanish troops opened fire upon each other at midday. According to the few details received here, the columns of troops commanded by General, Godoy and Colonel Holguin, at the Santa Rosa plantation, near Esperanza, province of Santa Clara, mutually mistook each other for insurgent forces owing, it is said, to the thickness of the sugar cane. Each detachment opened fire upon the other and for 10 minutes shots were exchanged, resulting in the killing of 17 soldiers, among them being Lieutenant Colonel Fuenmayor of the Navas battalion. In addition, five officers and 84 soldiers were wounded. Two of the latter have since died, six others are mortally wounded and 32 are seriously injured.

Lieutenant Colonel Fuenmayor died while leading his troops on and shouting "Long live Spain." Owing to the fact that the meeting between the two columns took place at midday, the explanation furnished by the Spanish commanders is considered unsatisfactory and court-martial will follow.

Maximo Gomez has returned westward from the province of Santa Clara and was encamped yesterday at the plantation of Moralo, near Union de Reyes, province of Matanzas.

Antonio Maceo is supposed to be at San Diego de Los Bajos, province of Pinar del Rio.

Enrique Poro Mata, an insurgent leader, has surrendered to the police of Cardenas, province of Matanzas.

The authorities of Cardenas have captured Rafael Torayo and Casimiro Ponce, who have been accused of conspiring against the government.

The explanation given for the capture of the three boats loaded with arms and ammunition at Varadero, near Cardenas, is that Collazo, who is understood to have commanded the expedition, mistook the landing place and went ashore at Varadero instead of at the San Anton canal.

SMUGGLED NEWS FROM CUBA. A Vastly Different Story From Weyler's Censorship Dispatches.

BOSTON, March 25.—The Standard publishes a letter from Captain C. S. B. Valeros, a member of the personal staff of Maximo Gomez in the Cuban patriot army. The letter was written to Mr. N. R. Johnstone of New Haven, Conn., with whom Captain Valeros became intimate while at Yale college, and was smuggled through the Spanish lines to Havana and forwarded to New York. The letter is dated March 6, and says in part:

"It has been a most trying experience through which I have passed during the last 30 days; blood, blood, blood and blood again, everywhere. No less than six of our headquarters' mess have gone to their eternal rest since my last to you—all killed with their faces to the foe.

"Cespedes, one of the general's personal scouts, who brought our last dispatches, after paying a visit to Havana, had a hard time getting through the Spanish lines and was twice held up and put through the severest questioning. All this time the dispatches were in his stockings, but his coolness and ready wit saved him. The password was changed before he passed the outer line and he waited till dark and made a rush rather than take chances of further explanations.

"One week ago a scout of the general's was waylaid and murdered by a gang of cut throats, as you Yankees would term them, and valuable papers secured and sold to Spanish authorities. One of the papers lost has worried the general a good deal, as it related to a ship load of ammunition expected a few days later from Texas, and might enable the enemy to capture it.

"We have marched and counter-marched over 400 miles of territory the past two months, have met the enemy 31 different times, 28 of which we have been successful. The severest of these was on the railroad from Havana to Mantanzas, in Havana province, about 19 miles from the capitol, the battle of Morra del Rey. The enemy left 29 killed and 51 wounded on the field, nine of whom were officers. General Gomez lost 13 killed and 31 wounded.

"The Spanish newspaper Imparcial, published in Havana, gave the 'rebel' losses as 'upward of 800,' and I presume dispatches reaching the states exaggerated fully as great.

"We now have with us a staff of experienced surgeons with plenty of medicines and good 'outfits.' So the fellows of both sides are promptly attended to, though the other corps is sadly lacking these necessities. The six officers of my mess, who have been killed, were all my personal friends.

"The general is confident. He badly needs ammunition, however, and the great misfortune met with in the endeavor to smuggle it here would discourage a less persistent and brave man."

AID FOR THE INSURGENTS.

Another Expedition Has Landed Safely on Cuba's Shores.

NEW YORK, March 25.—The Cuban junta has received news of the successful landing in Cuba of an expedition led by Braulio Pena. Commander Pena's party of 38 men are thought to be those conveyed to the island by the steamer Commodore, which left this coast some days ago. The party succeeded in landing 600 rifles, 550,000 rounds of ammunition, two rapid fire Hotchkiss cannon, several hundred pounds of dynamite and a liberal supply of machines and hospital stores.

The party landed, it is said, without accident or molestation of any kind, making the eighth expedition which has successfully landed in the last 40 days. Pena was a veteran of the last revolution, fighting 10 years under the leadership of Emilio Nunez. Mr. Nunez is now a tobacco merchant of Philadelphia.

Where Is Walter Dygart?

WASHINGTON, March 25.—Consul General Williams at Havana has telegraphed the state department that he has made two applications to the governor general of Cuba for information as to the case of Walter Dygart, a citizen of Illinois, arrested by the Spanish officials for complicity in the rebellion. So far he has received no response to his applications.

ENTIRE FAMILY MURDERED.

Startling Revelations Made by Exhuming Seven Dead Bodies.

ALMA, Wis., March 25.—An investigation concluded last night shows that the seven members of the Oldhouse family, who were found dead in the ruins of their burned home on the 6th inst., were murdered. An inquest was held at the time and a verdict of accidental death was returned. Yesterday the bodies were exhumed. It was found that two bullets had penetrated the skull of the father, that the mother's skull had been crushed and that the head of one of the children had been crushed in.

A revolver was found on the bed near the mother's side and a shotgun lay near the body of Mr. Oldhouse, whose remains were found near the front window. A fracture in the skull of one child was evidently made with a hammer which was found near the body. There is no clue to the murderers. Only a small sum of money was found in the house, although Mr. Oldhouse had recently sold his farm and the family was to have started west on the day following the fire.

FIERCE FLAMES.

Locomotive Spark Causes a Destructive Lumber Fire.

LA CROSSE, Wis., March 25.—A very destructive fire, which at one time threatened to destroy the northern portion of the city, occurred here yesterday. A fire was started in the lumber yard of the N. B. Holway estate, about half past 11 o'clock, from a spark of a passing locomotive on the Chicago, Milwaukee and St. Paul railway. A fierce gale spread the flames rapidly among the huge piles of lumber along the eastern bank of Black river. Inside of three hours over 5,000,000 feet of lumber had been wiped out.

The wind carried burning brands to the lumber yard of the La Crosse company, one mile north, and the lumber and woodpiles there were also destroyed, together with the bridge over Black river.

Another fire was started at the Sawyer & Austin mill, but the damage there was not so great.

The entire loss is estimated at over \$200,000. Insurance not known.

MANUFACTURING FIRM FAILS.

Caught in the Panic of 1893 and Never Fully Recovered.

AKRON, O., March 25.—The J. F. Seiberling company, manufacturers of the Empire mowers, reapers and binders, made an assignment late yesterday evening to W. C. Carter, one of the employees of the company. The failure was precipitated by an attachment for \$10,000 in favor of the First National bank of Ravenna, O. President J. F. Seiberling said that the liabilities would reach \$250,000, but he refused to make a statement of the assets of the company.

It is said the firm of Seiberling, Miller & Company of Doylestown, O., will also be affected.

The plant was established early in the sixties as the Excelsior mower and reaper works. There was a failure in the seventies, but in 1894, the J. E. Seiberling company was organized with a capital of \$1,000,000. The company was caught in the panic of 1893 and has never fully recovered from the shock. The company employed 350 men.

BOERS THREATENING.

They Are Apparently Ready For a Fight With John Bull.

LONDON, March 25.—A dispatch to The Pall Mall Gazette from Johannesburg says that the Transvaal burghers are assuming an alarming attitude. It is added that a strong feeling exists among the Dutch throughout South Africa, and that they are nursing themselves for a supreme struggle with Great Britain.

No reason is assigned for the sudden withdrawal of the bail of four members of the reform committee. They had been permitted to go to Johannesburg in order to attend to their private affairs, but all have now been arrested and are kept under guard in a private house at Pretoria.

CONFEDERATES WIN.

No Restrictions Against Them Exist Now.

ARMY AND NAVY THROWN OPEN.

The House Passes the Senate Measure Relating Thereto, Mr. Boutelle the Only One Voting Against It—The Cuban Question Again Shows Up in the Senate—Doings of the House and Senate.

WASHINGTON, March 25.—Senator Hill's bill to remove the restrictions against the appointment, as officers of the army or navy, of persons who held commissions in the regular army or navy before the rebellion, and who subsequently took part in the war on the side of the Confederacy, which passed the senate during the height of the excitement over the Venezuelan boundary question, passed the house yesterday after two hours' debate with but one dissenting vote, that of Mr. Boutelle of Maine.

The Democrats, except Mr. Cummings of New Hampshire, who spoke, as he said, "as one of 800,000 northern Democrats who fought in the Union army," and Mr. Wilson of South Carolina, who was drawn into the debate by Mr. Boutelle, refrained entirely from participation. Mr. Hull of Iowa, chairman of the military committee, who had charge of the bill, admitted that it would serve no practical purpose, and was largely sentimental. Mr. Boutelle, who led the opposition single-handed, thought it would furnish a bad object lesson for naval and military cadets who were about entering on careers in the service of their country and when he got warmed up to his subject called attention to the fact that many southern men in congress in the past had obstructed legislation in the interest of Union soldiers, dwelling particularly on the opposition to the retirement of General Grant.

Mr. Grosvenor of Ohio and Mr. Grow of Pennsylvania, however, supported the bill ardently as a graceful and gracious act to the vanquished, and when the vote was taken Mr. Boutelle alone voted against it.

The bill considered Monday to abolish the death penalty in certain cases was passed.

Bills were also passed to make the sale of spirituous liquors under a false brand punishable by fine and imprisonment, to turn over the property of the Mormon church now in the hands of a receiver to the trustees, and several others of minor importance.

Senate Proceedings.

WASHINGTON, March 25.—Although the main Cuban resolutions have been recommitted to conference, the subject came up incidentally yesterday on Mr. Mills' resolution for the forcible occupation of the island of Cuba in order to aid the Cubans in securing local self-government. Mr. Mills spoke for two hours in support of the resolution. He was unsparing in his arraignment of General Weyler as an "atrocious scoundrel and villain," and in his recital of Spain's bloody record in the old and new worlds. Mr. Morgan also spoke briefly in further support of the Cuban resolutions.

At the conclusion of Mr. Morgan's remarks Mr. Mills' resolution went to the calendar and the senate resumed consideration of the legislative appropriation bill.

The bill was completed with the exception of the items relating to compensation of district attorneys, marshals, commissioners, etc.

The legislative bill was laid aside and a bill passed excepting logging cars from the operations of the law requiring cars to be equipped with grab irons, etc. At 5:35 the senate adjourned.

HIGHWAY ROBBERY IN CHICAGO.

On Old Man Relieved of Money and Papers Amounting to \$50,000.

CHICAGO, March 25.—Christopher Schrage, who is 76 years old and lives alone at 711 south Jefferson street, was bound and gagged by two men yesterday evening at 6:30 o'clock and robbed of money and papers amounting to more than \$50,000. The robbery was one of the boldest ever perpetrated in this city. No arrests were made and the police are at sea in the matter.

At the time the robbery occurred Schrage was alone and it was some time before he was discovered and the police notified. The valuables taken included \$45,050 worth of Cook county and Chicago city bonds, mortgages amounting to \$5,000, \$900 in registered government bonds, \$560 in currency and \$100 in gold.

The old man lives entirely alone and has always kept his money and securities in a safe in a rear room in his house. It was a matter of common report that he was in the habit of counting his money every evening before closing up his house for the night. The robbers were evidently aware of this habit of Schrage and timed their visit accordingly.

The men gained an entrance to the house by pretending that they were anxious to rent some rooms and as Schrage was showing them through the house they threw him to the floor bound and gagged him. They did not injure the old man to any extent, but threatened him with death if he attempted to make any noise for at least half an hour after they had left the house. The police have not the faintest clew to the robbers.

LONDON, March 25.—Thomas Hughes, whose death was announced yesterday, will be buried at Brighton.

MORTON ENDORSED.

New York Republicans Instruct Their Delegates to the St. Louis Convention.

NEW YORK, March 25.—The Republican convention has finished its labors. The preliminary sparring that has been going on for weeks ended in the final battle last night, and the forces that have been dominant for two years kept within the state boundaries the honor of the presidential endorsement of the greatest state in the Union, the state casting the largest number of votes in the electoral college. That endorsement goes to Governor Levi P. Morton.

The delegates at large will be Thomas C. Platt of Tioga, Warner Miller of Herkimer, Chauncey M. Depew of New York and Edward Lauterback.

The alternates will be Hamilton Fish of Garrison, Frank S. Witherbee of Port Henry, C. H. Babcock of Rochester and Daniel McMillan of Buffalo.

The electors at large will be General Benjamin F. Tracey of New York and Edward H. Butler of Buffalo.

MINE EXPLOSION VICTIMS.

It Is Thought the Disaster Was Due to the Dust Catching Fire.

DUBOIS, Pa., March 25.—The body of the last victim of Monday's terrible explosion was taken from the Berwind-White shaft yesterday afternoon. A jury of inquest was empanelled but did not conclude its labors. It is the theory of experienced miners and mine bosses that the explosion was caused by the dust in the mine being ignited by the firing of a shot.

The report that the pumps were wrecked and that the mine was filling with water is erroneous.

Arrangements are proceeding for the funerals of the victims, which will be held tomorrow. Three of the 13 bodies will be sent away for burial and 10 will be interred in the cemeteries here.

Christians Murdered in Crete.

LONDON, March 25.—A dispatch from Athens to The Times reports the renewal of the murders of Christians in the island of Crete, and the existence of a panic there, owing to the belief prevailing among the Cretan deputies that the Turkish troops are waiting for the Christians to retaliate for outrages, when they will seize the occasion to begin a general massacre of the Christians under the leadership of the military governor. On this account the deputies have invoked the protection of Greece.

Stabbed to Death.

CLEVELAND, March 25.—At midnight last night a policeman found the body of John Walsh, 39 years old, on the sidewalk in front of Ed Murphy's saloon at the west end of the superior street viaduct. Blood flowing from a wound above the heart showed that Walsh had been stabbed to death. Walsh and John Gallagher had been quarreling in the saloon a few moments before and had been ejected. It is supposed that Gallagher killed Walsh. Gallagher is still at large.

Warehouse Burned.

CHESTER, Pa., March 25.—The big storage house of Ebenezer Birchwell, located at 610 Crosby street, this city, was destroyed by fire last night. The building was mainly occupied by Woodward & Stillwell of New York, who had 10,000 bales of cotton on storage at the time the fire broke out. Their loss is about \$50,000; partially insured. The loss on the building is \$5,000; fully insured.

Saved From an Ice Float.

HOUGHTON, Mich., March 25.—Five Finnish fishermen drifted out to sea on a large ice float at noon Monday. Their rescue was regarded as almost impossible, but the five men waving distress signals were seen by Constant Rembach, a fisherman, south of Jacobsville, in Keweenaw, yesterday, and he succeeded, after great exertions and much danger to himself, in saving all five.

Left a Million and a Half.

KANSAS CITY, March 25.—Mrs. Thomas Corrigan, widow of the late street railroad magnate, died at her home in this city yesterday afternoon. Her husband was one of the best known men in this part of the country, and was the brother of Bernard Corrigan, a Democratic leader. She leaves three daughters to share an estate valued at a million and a half.

Excitement Abated.

HOLLAND, Mich., March 25.—The excitement in regard to the horsewhipping of young Frank Sooter last Saturday night has abated. A mob of about 500 or 600 men gathered last night, but they were orderly and no demonstration was made, and most of them had gone home by 9 o'clock. Sentiment is divided, but the majority deplore the act of Saturday night.

Colonel C. H. Buehler Dead.

GETTYSBURG, Pa., March 25.—Colonel C. H. Buehler died at his residence in this place yesterday, aged 71 years. During the war he served as major of the Eighty-seventh Pennsylvania infantry and later as a colonel of the One Hundred and Twenty-sixth regiment. He was vice president of the Gettysburg battlefield commission.

Did Not Obey the Court.

COLUMBUS, O., March 25.—W. E. Joseph and Harry B. Arnold were yesterday appointed receivers of the Columbus Manufacturing company, operating at the Ohio penitentiary, on the failure of the company to comply with an order of the court to pay in part give bond for a claim for \$50,000 for convict labor due the state.

AN EIGHT-HOUR DAY.

Demand to Be Made on the First of May.

THE CARPENTERS TO LEAD

This Decision Was Reached by the Executive Council of the American Federation of Labor Engine and Motor Collide Suicide's Body Not Yet Identified Other Indiana State News.

INDIANAPOLIS, March 25.—At yesterday's meeting of the executive council of the American Federation of Labor it was voted to sustain the position of the trades unionists of St. Louis in demanding that their members should withdraw from the Knights of Labor.

Third Vice President O'Connell was selected to attend the meeting of the Metal Polishers' and Brass Workers' convention in Syracuse, in June, to effect a consolidation of the various unions of those callings under one national head. O'Connell was also delegated to investigate the alleged violation of the eight-hour law in the Brooklyn navyyard.

It was decided to not call a convention of the car workers of the country at the present time, but to wait the formation of more local unions.

A committee consisting of O'Connell, Leum and McGuire was appointed to consider and report on the eight-hour-a-day problem. This committee are ready to report and will recommend that May 1 be as the day to inaugurate the eight-hour plan throughout the country, and that the carpenters be selected as the union to make the test.

The committee will recommend a strike of all carpenters' unions that are forced to work overtime, beginning on the day that the eight-hour plan goes into effect. It is expected that the council will unanimously endorse the action of its committee.

Engine and Motor Collide.

TERRE HAUTE, Ind., March 25.—A streetcar on the East Wabash avenue line was struck by an Evansville and Terre Haute engine at the Tenth street crossing yesterday and badly demolished. Motorman Sykes jumped and sustained but slight injuries, while the passengers escaped with scratches and bruises. The car was pushed into the engine while standing still by another car colliding with it from the rear. The motorman on car No. 2 says that his brakes were applied, but refused to work.

MUNCIE, Ind., March 25.—While disguised as a female, a sneak thief got in his work on the ladies' cloakroom at the Starlight social masquerade ball Monday night. When Miss Maude Cavall discovered that her pocketbook was gone, there were but 20 couple in the hall and seven of them had been robbed of amounts ranging from \$1 to \$7.50. Others have since reported loss, and it is estimated by the police that 40 ladies were robbed of their purses, the thief securing nearly \$100.

RUSHVILLE, Ind., March 25.—The mystery surrounding the suicide of the stranger at Falmouth is still unsolved. The body has been removed to Connersville by order of the coroner of Fayette county. The dead man was between 30 and 35 years old, weighed about 200 pounds, wore a new black suit with dark overcoat and hat, and carried a small satchel in which was a bottle of chloroform. He wore a K. of P. button. The body will be held for identification.

The Republicans of this district will hold conventions Tuesday, April 14th, in Maysville, to nominate a candidate for Congress and select delegates to the approaching State convention. The committee adopted resolutions at the meeting Monday endorsing the action of Governor Bradley in calling out the State Guards to suppress Col. Jack Chinn. Congressman Pugh will have a walkover for re-nomination.

HOT ROASTS.

Governor Bradley's Outrageous Substitution of Military For Civil Force.

Gov. Bradley, of Kentucky, seems to have borrowed a chapter from Governor Waite's record regarding the use of the militia as an aid to civil government. He may know more when he gets older.—Denver Republican.

Gov. Bradley called out the Kentucky troops and placed them in possession of the State-house, not because there was violence to suppress, but merely on the partisan statements to the effect that violence was contemplated.—New Orleans States.

It would have been wiser for Gov. Bradley to have attended to his own business than to meddle in the quarrel between the opposing forces in the Legislature, and it is reasonably safe to predict that he will be the last Republican Governor of Kentucky for a long time to come.—Denver Republican.

The action of Gov. Bradley, of Kentucky, in swarming the State-house, where the Legislature is in session, with militia is clearly that of a Republican partisan. It is hoped that the Senate will find some lawful way of reaching and punishing him. But the power of impeachment is in the hands of the Republican House.—Rochester Union and Advertiser.

REV. WILLIAM BEST.

Statements That Effectually Set at Rest Charges Against a Former Minister of Ripley.

In an issue last July the BULLETIN copied an item from the Cincinnati Post which, in substance, stated that Rev. William Best, formerly of Ripley, "got drunk at Cincinnati, and, falling off a bicycle, injured himself so severely that he was laid up in the city hospital several days." Mr. Best is now at Capron, Ill. The statements below show that the item in question was not true, and was calculated to greatly injure the reverend gentleman. Several months have passed since its publication, but the BULLETIN has just come into possession of the facts, and we take pleasure in setting Rev. Mr. Best right before our readers. The statements in question are as follows:

I, E. POORMAN, BICYCLES, 5 WEST FIFTH STREET, OPPOSITE POSTOFFICE, CINCINNATI, OHIO, 4-25, 1895.

To whom it may concern: I hereby certify that on last June, on or about the 14th, 1894, I gave Rev. William Best, of Ripley, O., several lessons in bicycle riding, and can testify that he was not under the influence of liquor at any time while here. I talked with Mr. Best twenty minutes before the accident occurred, and he was perfectly sober. I cautioned him that morning to be very careful when the streets were wet. I have known similar accidents and the same might occur at any time with any one. Very truly yours,

A. S. MILLER, Manager and Instructor.

DENISON HOTEL, CINCINNATI, OHIO, Feb. 14th, 1896.
To whom it may concern: This is to certify that at time of the accident which befel the Rev. William Best, while riding a bicycle, he was in my opinion perfectly sober. After being taken to his room in the hotel, at my suggestion, he was given some whisky to steady his nerves. I have known Mr. Best some time and have never seen him under the influence of liquor. I never knew him to enter the barroom connected with the hotel. Very truly yours,

A. F. MUELLER, Manager Denison Hotel.

146 BROADWAY, CINCINNATI, O., March 20th, 1896.
Rev. William Best—Dear Sir: I remember having seen you a few minutes after your accident, at the Denison House, June 14th, 1894. You were not drunk and I cannot understand where such a report could have started from. Very truly yours,

W. E. KIELY, M. D.

GERMANTOWN.

Isaac Woodward, of Maysville, is spending several days with friends in town.

Miss Ollie Stiles and Mr. Onise Riggs, of Shannon, were visiting on West Main street on Sunday.

Miss Ida Black and Mrs. Mattie Asbury, of Bracken, were calling on friends in town last Saturday.

Elder Neal, of Lexington, has been employed by the Christian Church at this place and will fill his first appointment on the second Sunday in April.

The correspondent from this place for a neighboring paper says "measles have arrived." Why not say small-pox "have arrived" or typhoid fever "have arrived?"

Mrs. Nora Caldwell, of Millersburg, spent several days with her parents at this place. She proceeded from here to Cincinnati to purchase a stock of goods for her variety store.

Misses Birdie Harris and Effie Galbraith have gone to Cincinnati to lay in a stock of millinery and fancy goods for their store which they propose opening at Mayslick. We bespeak for them the good will and patronage of that community.

George and Jack Stiles, two portly white-haired men who like Jacob and Esau followed each other into this busy world in hurried succession, living near Sardis, passed through our town on Sunday. They had been to visit their sister near Minerva. Mrs. Peter White, whom they report as being very low with consumption.

There will be an entertainment given by the ladies of the church at Sharon on next Thursday evening. They propose giving you a choice musical and dramatic treat, and in addition such delightful refreshments as the ladies of that church are noted for preparing, all for the popular price of 25 cents. They merit and we have no doubt that they will have a crowded house.

George W. Case, aged sixty-eight, died, of pneumonia, on Sunday morning and was buried at this place the following day. He was born and spent his life a few miles south of town. He had long been a faithful, consistent member of Twolick Baptist Church, and was a quiet, upright, honorable man. His wife preceded him to the grave several years and since that time he had made his home with his daughter, and only child, Mrs. Joseph Hinson, Jr.

We had the largest fall of the "beautiful snow" of the season on Monday morning. There is surely something loose with the weather bureau. If we live to get up to Potoskey next fall (as we hope to) we will investigate the matter. We are getting like we heard Col. Morrow, of Cincinnati, say last fall of himself. A man came into his office with a "sure cure for hay fever"; he told him to get out quick, he didn't want it; if he didn't have hay fever he wouldn't get to go to Potoskey every fall.

EAST LIMESTONE.

The anonymous letter received by Judge Hutchens last week created quite a sensational wave in this neighborhood.

Mrs. Loyd Robinson and son Carl, of Maysville, were visiting their relative, Philip Hise, the latter part of the week.

Professor Hicks did not fail in his predictions for a stormy March. We are having plenty of cold weather and severe and frequent snow storms.

Charley Williams, whose serious illness the past week developed into a severe case of diphtheria, is pronounced better and out of danger by his attending physician, Dr. Pangburn.

PLUMVILLE.

Mrs. Odessa Bean visited relatives at Cottageville the first of the week.

B. F. Hook is slowly recovering from his late serious illness, of pneumonia.

Robert Henderson, formerly of Rectorville, has become a resident of our vicinity.

Mr. and Mrs. Cann Silvy, of near Mt. Gilead, visited relatives near here Sunday.

Mrs. Alice Martin and little daughter, of Foxport, are visiting her parents at "Maplewood Farm."

"Aunt Fannie" Valentine has so far recovered from her recent illness as to go out to the dining room Saturday.

Miss Haidée Roe, of Orangeburg, was here Saturday soliciting pupils for a select school to be taught at this place.

Mrs. Maria Butcher and daughter Miss Emma, of Ohio, are spending the week with her parents, Mr. and Mrs. B. F. Hook.

Mr. Boggs has postponed teaching his class in vocal music at this place until after the protracted meeting closes here.

Wm. Garrett, aged about sixty-five years, died of pneumonia the 20th instant at his home about two miles east of here. Interment at Bethany Cemetery the 21st at 11 a. m.

There was a spelling and geography match between our school and the Bull Creek school Friday night. Our school came out ahead in spelling. "Tommy" Morris being the champion speller. They reported the geography contest about equal.

Death, loves a shining mark, and certainly found it when it took from earth one of its brightest, purest souls, and claimed for its own Mrs. Lavina Elliott on January 17, 1896. She died after a three days illness of pneumonia, aged about sixty-six years. Deceased was a favor to all who knew her, being very benevolent and kind in disposition. There was no better woman and few as good. A kind word was ever upon her lips. She had a firm belief in God and trusted in his goodness. Three children survive, two sons and a daughter, and ten grandchildren. The last impressive rites were performed at the residence the 18th at 11 a. m. in the presence of the family and friends. The officiating minister to speak words of comfort and hope was Elder J. H. Wallingford, after which the remains were laid to rest in the Pleasant Hill Cemetery.

One by one we cross the river: Soon we all shall gather there. In a home unknown to sorrow. We will meet dear mother, there.

Farwell, dear mother, sweet be thy rest, 'Till we shall meet again.

Mrs. Margaret Jenkins, aged about fifty-four years, departed this life on the 21st instant after a week's illness, of pneumonia. Deceased united with the Presbyterian Church about fourteen years ago; was married to G. D. Jenkins about thirty-five years ago. Her departure was sudden, but Jesus was no doubt near, and Heaven was in view, and she has gone to receive the crown of rejoicing and the palm of victory which God has for everyone who is faithful unto death. Mrs. Jenkins left a husband, six children, three sons

Spring

Is the season for purifying, cleansing, and renewing. The accumulations of waste everywhere are being removed. Winter's icy grasp is broken and on all sides are indications of nature's returning life, renewed force, and awakening power.

Spring

Is the time for purifying the blood, cleansing the system and renewing the physical powers. Owing to close confinement, diminished perspiration and other causes, in the winter, impurities have not passed out of the system as they should but have accumulated in the blood.

Spring

Is therefore the best time to take Hood's Sarsaparilla, because the system is now most in need of medicine. That Hood's Sarsaparilla is the best blood purifier and Spring medicine is proved by its wonderful cures. A course of Hood's Sarsaparilla now may prevent great suffering later on.

and three daughters, and many relatives to mourn their loss. May they see God's hand in all his works and feel that all things work together for good to those who love Him. Religious services were conducted by Rev. Brown, of the Presbyterian Church, at Ebenezer Sunday at 11:30 a. m., in the presence of a large congregation, after which her remains were laid to rest in the cemetery adjoining. Deceased's three sons and daughter and her two nieces, the Misses Bradley, acted as pall bearers.

Heaven now retains our treasure. Earth her lonely casket keeps. And the sunbeam loves to linger Where our dearest mother sleeps.

This Week's Store News!

Below you will find some interesting quotations on needed things. Interesting in two ways—the quality and price. The former high, the latter low. Isn't that a good combination?

Spring Wraps for stylish women. The newest fads and fancies of fashion found in spring capes are contained in those shown here. And as varied as the styles are the prices at \$2.50, \$3.50, \$4.00 and \$5.00.

Window Shades.—How about a new outfit? We have the best rollers, best shade cloths and a competent man to measure and make them. The price is the smallest part of the job, especially now, before we are rushed. Isn't 35c. cheap for an all linen shade mounted on spring rollers?

Gloves.—Fifty pairs of worthy Kid Gloves are here for bargain-buyers. Every glove without break or blemish and all the popular shades represented. How many are going to carry away these good gloves and pay only 97 cents the pair? Every pair warranted, and there is no \$1.50 glove in the market can improve on their fit, quality and wear.

Umbrellas.—Buy one for the rainy month, because now good Umbrellas are cheap. You can choose one from this stock with your eyes shut, for they are each worth every cent you pay, and sometimes more. Close roll, paragon frame Gloria Silk Umbrellas for \$1.25.

Shirts.—For years shirt makers have tried to best each other on making 50c. shirts, and we think we know the winner. There's a white shirt here at 50c. that you can measure by the highest standard of 50c. quality. If it isn't right—your money back.

Boys' Stockings.—If there was such a thing as cast iron stockings for boys, mothers would buy them. Well, we haven't reached that yet, but here is a lot of ribbed hose that will stand very rough use, and the price, 10c., is as little as the wearing worth is big.

Elder T. P. Degman will begin a protracted meeting at Bethany Sunday, March 29th. We hope for him success, as he is an exception to the biblical rule, "A prophet is not without honor save in his own country."

The funeral of Mrs. Margaret Jenkins, wife of G. D. Jenkins, which occurred at Ebenezer Cemetery on Sunday last, was one of the largest in attendance we have witnessed for many days, which shows with what respect that estimable lady was held in this vicinity.

TURNPIKE ELECTION.

The Maysville, Orangeburg and Mt. Carmel Turnpike Company will hold its annual election at the office of B. A. Wallingford in the city of Maysville, Monday, April 6, 1896, at 10 a. m., to elect officers and directors for ensuing year. 17-4731w J. D. MAYHUGH, President.

DISPOSITION OF A BIG ESTATE.

Will of the Late E. E. Pearce, Flemingsburg's Wealthy Banker.

The will of the late E. E. Pearce, of Flemingsburg, was offered for probate at that place Monday. The Gazette says: "Thomas S. Andrews, W. S. Irvin, C. C. Pearce and E. E. Pearce, Jr., were named executors without bond, and when the will was offered G. A. Cassidy and W. A. Sudduth appeared as representing the Commonwealth of Kentucky through Carroll Power, lately Auditor's agent, and demanded of the court that a good and sufficient bond be required of the executors, as they claimed that an amount of nearly \$60,000 was due the State as back taxes on property of the deceased.

"The original will was written March 13, 1889, and since that time two or three codicils have been attached. To his wife, Mollie Pearce, he bequeaths 300 acres of land (probably worth \$20 per acre) situated on Locust Creek in Fleming County, with a clear title, and \$35,000 in money or good notes. Also household furniture, etc.

"To Dennis Madden, a colored employee, he leaves \$1,000 in money.

"To his son, C. C. Pearce, he leaves land in Illinois valued at \$44,000, which can not be sold by him except for the purpose of reinvestment. The purchaser of any such land shall be responsible for the reinvestment in other real estate, and on C. C. Pearce's death it goes to his children, or, if he has none, then it comes back to the rightful heirs of E. E. Pearce.

"To his son, Jno. Pearce, for whom a trustee shall be appointed by the court, he wills land in Illinois valued at \$37,950, on the same conditions as above stated.

"To his son E. E. Pearce, Jr., he bequeaths land in Illinois and land in Fleming County known as the Fitch farm, valued at \$33,900, on same conditions as above stated.

"To his daughter, Anna E. Pearce, he leaves land in Illinois worth \$43,400, to be technically and separately hers, on conditions as stated heretofore with his sons.

"The remainder of his estate will be divided as near equally as possible among his children, and the wife is given the use of the homestead so long as any of his children live with her.

"The compensation to be allowed the executors is \$1,000 each, and should they desire legal advice, as much as \$500 shall be allowed for such purpose. W. G. Dearing is appointed as attorney.

"Judge Booe decided that a bond should be given by the executors and gave them one week to prepare same.

SLEEVE buttons never go out of use, always acceptable as a gift, look well, wear well, and are a valued accessory to neatness and ornamentation. For ladies, Ballenger has some unique styles entirely metropolitan and up to date; for the gentlemen, those grades and designs that are always the best.

SPEAKING of the work of Professor J. H. Rowland, formerly Principal of the Maysville High School, now Superintendent of Public Schools at Middletown, O., the Signal of that place says: "Superintendent Rowland and his able and efficient corps of teachers have done good work this year and are desirous of having parents visit the schools and see how their children are progressing. Not for years have the schools made such progress, and universal satisfaction is expressed by all. But the best way to secure a knowledge of what the schools are doing is to go and see for yourselves."

Where is "Bismark"?

Postmasters receive some queer communications, and here's a sample. Mrs. A. G. Peters, of Centralia, Va., writes to Major Chenoweth to learn whether he can find any trace of her dog "Bismark." "Bismark" is a small yellow canine of the male persuasion, weighs about ten pounds and escaped from a C. and O. train the 12th of last month while en route to Richmond, Va. Mrs. Peters says her mother is "very much attached" to Bismark, and will be thankful for any information concerning him.

Bank Officials Short.

A sensation was created at Midway Tuesday by the announcement, according to a Lexington Leader's special, that William M. Shipp, cashier, and C. W. Stone, bookkeeper, of the Midway Deposit Bank were short between \$20,000 and \$30,000. The defalcation, it is said, covers a period of about fifteen years, and, it is said, has been concealed by the rendition of false statements and false entries on the books.

The bank is perfectly solvent, the shortage being covered by a good bond.

River News.

Captain Morris, formerly of the H. M. Stanley, is now second mate on the Key-son State.

There has been a big run of timber out of the Big Sandy. One thousand rafts are expected shortly at Catlettsburg.

The Keystone State is due down this afternoon and the Stanley to-night. The Bonanza is to-night's packet for Pomeroy.

Falling at Pittsburg and intermediate points. The decline here has not amounted to much yet. Warm weather will bring another rise as there is a big snow all through the valley.

Henry Jones, of Augusta, accidentally stepped off the gang plank of the steamer Courier at the foot of Main street, Cincinnati, Monday night, but was saved from drowning by the watchman of the wharboat.

The Pomeroy Leader says: "Steamboatmen do not spend as much money as they used to in advertising their packets. Several years ago every packet had an advertisement in some paper in every city that they touched at, but now they seldom spend any money with the printers." They generally get all the advertising they want "free gratis," and are then so stingy with their favors that few papers are honored with passes.

Death This Morning of a Noble Christian Woman, After a Lingering Illness.

Mrs. Anna Dimmitt Mountjoy died at her home, corner Third and Bridge streets, this morning at 4 o'clock. She had been a great sufferer for the last two years. Everything was done to relieve her and restore her health, but without success, and God in his love took her to a home where there is no more suffering and pain.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

BAYARD'S RIGHT TO TALK.

A Speech Intended as a Reply to the House Censure.

LONDON, March 25.—Sir Walter Henry Wilkin, the lord mayor of London, presided at the banquet of the City of London Pension society last night. Lord Lenbigh, Sir William Young, Judge Meadows White and Sir J. B. Monckton were among the guests.

The United States ambassador, Mr. Bayard, in responding to the toast "Kith and Kin beyond the Seas," made a significant speech, in which he said:

"Your kindred beyond the seas are as like as two peas to those of Great Britain. The two peas are patriotism and pluck."

Then, after a reference to the charitable disposition throughout the world, Mr. Bayard said:

"Your kindred beyond the seas are not always unanimous. Nevertheless, there is one voice that appeals to them all. Since I came to England I have never found occasion to change my tone. There is nothing I would say at home that I would not say here, and there is nothing I would say here that I would not say at home. I do not expect unanimity. I would almost say God forbid. But do not expect us to speak in a tone to suit everybody, for in the system of government originated here and carried beyond the Atlantic, there is something that enables a man to speak according to his own conscience. There, indeed, is the strength of this country and the strength of my own. When the time shall come that a man shall not dare to speak the thoughts that swell within him for the public good, God help the country."

"Tommyson said, 'Whether bound by friends or foes man may speak the thing he will,' and I believe the echo of these words is as strong in the country of my birth and where my best hopes lie as in yours. Here lies that which shall keep both countries moving onwards and upwards in the cause of civilization. We will never suppress the truth for fear of evil consequences, but will tell it whether we live or whether we have to die."

DAVIS NOT A CANDIDATE.

Minnesota Republicans Select McKinley Delegates to St. Louis.

MINNEAPOLIS, March 25.—In the Minnesota state Republican convention held yesterday in the exposition hall, in which Harrison was nominated four years ago, Robert G. Evans of Minneapolis, George Thompson of St. Paul, Charles F. Hendry of Sauk Centre and L. P. Hunt of Mankato were elected delegates at large to the St. Louis convention, and instructed to use all their influence toward securing the nomination of William McKinley, who presided over the convention of 1892. The result was not attained without a struggle.

The withdrawal of the name of Cushman K. Davis, authorized by a dispatch from the senator at Washington, removed the only obstacles in the way of a complete McKinley victory and a strange chance all but one of the delegates chosen, C. F. Hendry, were strongly inclined toward Davis before his withdrawal. Aside from the election, nothing of moment transpired, except of the adoption of a platform reiterating and endorsing established Republican doctrines and containing a strong sound money plank.

ITALY'S WAR TALK.

The Negus of Abyssinia Has Not Demanded an Indemnity.

ROME, March 25.—The senate yesterday took up the question of the credit for Africa and during the debate a number of speakers declared that Italy could not accept a peace after the battle of Adowa.

The Marquis Regrotto said that he

was confident that the king would never sign a peace that was contrary to the honor of the country.

The Marquis di Rudini, the premier, replied on behalf of the government, denying that the Negus of Abyssinia had demanded an indemnity of \$10,000,000. The statement, he added, was an insult to Italy. The subversive parties in Italy had come in to prominence lately, the premier said, but the government was determined to defend the monarchy.

The debate was thereupon adjourned.

Murdered and Robbed.

St. Louis, March 25.—About noon yesterday the dead and badly decomposed body of Thomas Reynolds, a railroad section hand who had disappeared the night of March 17, was discovered buried in the filthy cellar of the Cleveland House, a South Third lodge place. The man was murdered, wounds in the head and a rope around his neck proving this. It is not known who committed the crime, but the police are looking for three men who disappeared from the house about the time Reynolds died. Robbery was the motive, for the victim usually had considerable money about him.

FIRE IN CHICAGO.

The Chalmers Building Damaged to the Extent of \$65,000.

CHICAGO, March 25.—Fire caused a damage of \$65,000 in the Chalmers' building at 307 and 309 Wabash avenue last night. The building is a 6-story and basement structure, and the flame originated on the top floor. The discovery of the fire was followed by an explosion which shook the entire building and scattered the blaze.

Losses were as follows: The Henry Bosch company, wall paper, \$25,000; Scott, Foresman & Company, publishers, \$8,000; Howard Foote & Company, musical instrument, \$10,000; Ely Manufacturing company, sewing machines, \$7,000; the Newcomb-Mackoin company, picture frames, \$7,000. Thomas Chalmers, owner of the building, loses \$8,000. Losses are all well covered by insurance.

William H. Webster Dead.

WASHINGTON, March 25.—William H. Webster, chief civil service examiner, died suddenly of heart disease at his home in this city yesterday. He had occupied the position since September, 1886. Mr. Webster was 57 years of age and was a native of Connecticut.

Senator Lindsay Hurt.

WASHINGTON, March 25.—Senator Lindsay of Kentucky, who was thrown from a cable car on Saturday afternoon, is quite ill. His face was badly cut and the doctors now fear he was internally injured.

CLYDE, N. Y., March 25.—Fire yesterday in the kiln room of the Warner malt house did damage estimated at \$80,000.

Helping The Pastor.

[For the Christian Observer.]

If you would help your pastor preach, go to his aid, let him have people, and not empty pews, to preach to. If you would help him prepare something to preach, pay him. A minister with a salary six months behind, and with corresponding bills due butcher, grocer and merchant will naturally have the thought of these debts destroy for him many precious moments which would otherwise be put into the preparation of his sermon. Some congregations, so sympathetic and encouraging are they with purse and presence, will make a first rate preacher out of any consecrated minister of average ability. But others would almost deaden the energy of a Moody and dampen the ardor of a Wesley, so careless are they as to church attendance, and so forgetful, that preachers, too, have to live by eating, like other folks.

Reader, how is it with you? Do you make it a point to go to hear your pastor? How much do you owe your pastor?

ALTHOUGH a very busy man, Dr. R. V. Pierce, of Buffalo, N. Y., has found time in which to write a great book of over a thousand pages entitled, The People's Common Sense Medical Adviser, in plain English or Medicine Simplified. Few books printed in the English language have reached so great a sale as has this popular work, over 680,000 copies having been sold at \$1.50 each. The profits on this enormous sale having repaid its author for the great amount of labor and money expended on its production he has now decided to give away, absolutely free, 500,000 copies of this valuable book, the recipient only being required to mail to the World's Dispensary Medical Association, of Buffalo, N. Y., of which company he is President, twenty-one (21) one-cent stamps, to cover cost of mailing only, and the book will be sent postpaid. It is a veritable medical library, complete in one volume. It contains 1008 large pages, and over 300 illustrations, some of them in colors. The free edition is precisely the same as that sold at \$1.50 except only that the books are bound in strong manilla paper covers, instead of cloth. It is not often that our readers have an opportunity to obtain a valuable book on such generous terms, and we predict that few will miss availing themselves of the unusual and liberal offer to which we have called their attention.

Married Men Live Longest.

In the five years of life between the ages of 20 and 25 the mortality of unmarried men is 1,174 in 100,000, and of married men only 597. From 25 to 30 the numbers respectively are 1,396 and 865. These figures are derived from the death register of Scotland, but the proportion of the bachelor to the benedict death rate is believed to be about the same in this country. Taking the whole of the married men and the whole of the unmarried men from the age of 20 to the close of life, it is computed that the lives of the former average 59½ years, while those of the latter average only 40 years—a difference of 19½ years in favor of married men; that is, marriage increases the average duration of a man's life by one-half, lacking six months.

No Conclusion Reached.

WASHINGTON, March 25.—The conferees of the two houses on the Cuban resolutions held a session yesterday, but without reaching a conclusion. The entire time of the conference was spent in canvassing the situation, and in trying to arrive at common ground upon which the two houses can stand.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
